MFJ Pocket Size CW Reader™

Hold Near Your Receiver – and Instantly see CW on LCD!

Place this tiny pocket size MFJ Morse Code Reader near your receiver's speaker...

Watch CW turn into solid text messages as they scroll across an easy-to-read LCD. Instant replay when needed.

No cables to hook-up, no computer, no interface, nothing else needed!

Use it as a backup in case you mis-copy a few characters – it makes working high speed CW a breeze – even if you're rusty.

Practice by copying along with the MFJ-461. It'll help you learn the code and increase your speed as you instantly see if you're right or wrong.

Eavesdrop on interesting Morse QSOs from hams all over the world. It's a universal language that's understood the whole world over.

MFJ AutoTrak™ automatically locks on, tracks and displays CW to 99 WPM.

Serial port lets you display full screen CW text on your computer monitor with your computer and terminal program.

MFJ-461
