

Features

Half Wave dipole bent into a square loop, super light weight, high gain, mounted horizontally.

Frequency: 140 - 150/400 - 470 MHz

Gain: 4 dB(VHF) / 5 dB(UHF)

VSWR: ≤ 1.5

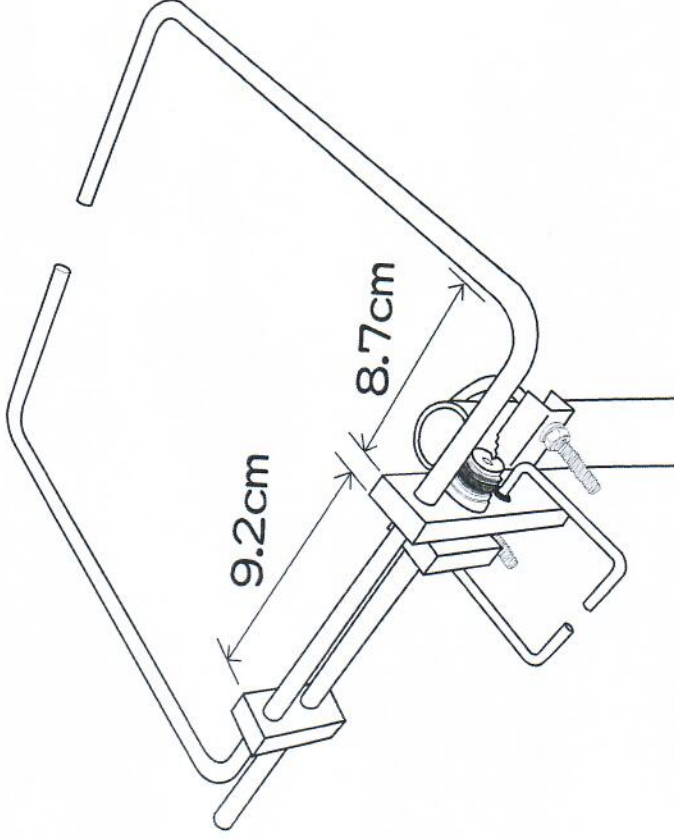

Max power: 800 watts

Impedance: 50Ω

Weight: 0.36kg

Connector: SO-239 (UHF), size: 11 x 11 inch (28 x 28 cm)

Made in Taiwan

Adjust to this size and use it in the frequency range!
